Make in India (MII):

Local content' means the amount of value added in India which shall be the total value of the goods, services or works procured (excluding net domestic indirect taxes) minus the value of imported content in the goods, services or works (including all customs duties) as a proportion of the total value, in percent.

Explanatory notes for calculation of local content given above:

- Imported items sourced locally from resellers/distributors shall be excluded from calculation of local content.
- The license fees/royalties paid/ technical charges paid out of India shall be excluded from local content calculation.

mitted.

In case of item-wise tenders, where evaluation is done for each item and each item is awarded to L1 bidder for that item, the aforesaid procedure shall be followed item-wise.

If negotiation happens with the L1 bidder, the margin of purchase preference (L1+20%) should be calculated based on the original L1 price, not the lower negotiated price, and such eligible Class-I Local Suppliers shall be called to match the new negotiated L1 price as per procedure mentioned above.

*Declaration of Local Content is a self-certification which is submitted by a bidder clearly indicating the following details (**Annexure-8**):*

- *Description of Goods and Services offered.*
- *Whether meeting Class-I/Class-II/Non-Local Supplier as per tender terms and conditions.*
- *Location at which local value addition is made.*

In case aforesaid Certificate furnished by Contractor/Vendor is not in line with the declaration in respect of Local Content in their bid, same shall be treated as false declaration. In such cases, a penalty up to 10% of the contract value may be imposed. However, contract once awarded shall not be terminated on this account.
