Special terms and conditions-Version:7 effective from 09-09-2026 for category All in One PC (V2)

1.

1 Product Verification

Each supplied Device shall bear a unique device serial number or other device identifier traceable to the OEM. The Buyer/Consignee shall be able to verify the authenticity of the supplied product including the configuration through the OEM website.

2 Requirement of OEM Logo

Buyers shall not prescribe a requirement for embossing, engraving, printing or affixing the OEM name/logo on the motherboard or any internal component.

3 Operating System - OEM/Publisher Status

There shall be no mandatory requirement that the OEM of the offered device be a Microsoft Device Partner or hold any specific Microsoft authorisation. If an Operating System other than Microsoft Windows is offered, no specific pre-qualification status or authorisation from the concerned Operating System publisher/manufacturer shall be mandated.

4	Operating System - Licensing	Where Microsoft Windows is supplied, it shall be a genuine, legally licensed copy of the Windows edition/version declared in the catalogue. The licence shall be obtained through a licensing or distribution mechanism by Microsoft. Where any other Operating System is supplied, it shall conform to the applicable licensing terms and conditions of the concerned Operating System publisher/provider, wherever licensing is applicable. Where Microsoft Windows is supplied pre-installed, the Buyer/Consignee shall be able to verify that the supplied Windows Operating System is genuine and activated through the OEM, i.e. Microsoft. A valid digital licence or any other licensing mechanism permitted by Microsoft for the supplied device shall be acceptable. Where any other Operating System is supplied, similar verification of licence authenticity and/or activation status shall be required only where the concerned Operating System publisher/provider provides a device-level equivalent verification mechanism. Where no such verification mechanism is provided, this requirement shall not apply.
5	Operating System - Verification	
6	Operating System - Applicability	The requirements relating specifically to Microsoft Windows licensing, activation and verification shall apply where Microsoft Windows forms part of the computer configuration. Where an Operating System other than Microsoft Windows is supplied, the applicable licensing requirements of the concerned Operating System publisher/provider shall be complied with, and verification of licence authenticity and/or activation shall be required only where such verification is supported by the concerned Operating System publisher/provider.
7	Operating System-specific Certification / Compatibility	Hardware compatibility certificate prescribed by a particular Operating System publisher/provider may be requested by buyers. Each physical USB port shall be declared only once under the highest interoperability capability supported by that port. The same physical port shall not be declared under multiple USB generations/types merely because of backward compatibility. A technically backward-compatible higher-generation version of a prescribed USB/interface standard may be offered where it meets or exceeds the functional and performance of the prescribed standard and complies with all other requirements.
8	USB Port Declaration / Higher Interface Standard	
9	Warranty	The warranty applicable to the supplied Device shall be as specified/seller's standard product and reflected in the resultant contract. The applicable warranty shall be verifiable through the OEM website, OEM customer support facility or warranty certificate/tag provided by the OEM. Installation requirements, wherever applicable, shall be specified by the Seller in the bid under the Installation, Commissioning and Testing (ICT) clause. If installation is stipulated in the bid, the Seller shall be responsible for installing the complete system and for demonstrating its satisfactory functioning to the Buyer/Consignee or the Buyer's authorised representative.
10	Scope of Installation	In the case of Direct Purchase and L1 Purchase, installation of the computer system by the Seller/OEM is mandatory. Installation shall be limited to the supplied computer system and shall not include supply or installation of separately procurable software such as antivirus, office productivity software, etc., unless such software forms part of the computer system scope through an appropriate GeM category.
11	Buyer/Consignee Obligations for Installation	Where installation is included in the resultant contract, the Buyer/Consignee shall provide reasonable access to the installation location and make available necessary site infrastructure, including power supply, networking and other preparation requirements not forming part of the Seller's contractual scope. Necessary entry/gate passes, where required, shall be facilitated by the Buyer/Consignee. Before acceptance and generation of CRAC, the Buyer/Consignee may verify, if appropriate, that the supplied device conforms to the contracted specific configuration, quantity and warranty requirements and is free from apparent physical damage or defects. The supplied product shall be new, unused and not refurbished. The Buyer/Consignee may verify the packaging, supplied accessories/documentation, installed operating system where applicable and device serial number/identifier, contracted configuration and applicable
12	Acceptance of Supplies	

13	HDD/SSD Storage Retention	Where required on account of information-security or data-retention concern the Buyer may prescribe an appropriate contractual condition under ATC of procurement via bids) regarding retention of storage media such as HDD used in the supplied device.
14	Availability of Monitor	Supply of the monitor shall be governed by the applicable Category parameters relating to "Availability of monitor". Any specifications or requirements relating to the monitor shall apply only where a monitor forms part of the contracted configuration.
15	Configuration Alteration - Seller	The configuration supplied shall conform to the configuration offered in the catalogue and resultant contract and shall be supported/authorised by the Seller. The Seller shall not make any alteration or substitution of components within deviation from the contracted configuration or affects OEM warranty/service. The machine should be delivered to the Consignee in its original, factory-approved configuration.
16	Service Escalation Matrix	The Seller shall provide appropriate contact details and an escalation matrix for warranty/service support to the Buyer/Consignee at the time of delivery.
