Special terms and conditions-Version:1 effective from 10-02-2026 for category A3 Size Multifunction Printer

1.

Product Verification	At the time of delivery, the Seller shall provide the Original Equipment Manufacturer website link with the device serial number corresponding to the supplied product. The serial number shall be indicated on the product. The Buyer or Consignee shall be able to verify complete product details including configuration, through the Original Equipment Manufacturer website without the need for a user account.
----------------------	--

Warranty	1. The Seller shall provide a valid Warranty Certificate or Warranty Tag, in physical or digital form, issued by the Original Equipment Manufacturer, at the time of supply. The warranty shall be verifiable through the Original Equipment Manufacturer official website and or authorised service care centre. 2. The warranty shall remain valid for the specified number of years or until the printer reaches the Original Equipment Manufacturer defined minimum number of prints during the warranty period, whichever occurs earlier. Upon reaching either of these limits, the warranty coverage shall automatically cease. 3. The Buyer may verify the actual number of prints completed by the printer at the time of supply to confirm that the product has not been previously used. Such verification may be carried out using the printer's in-built print counter or any other Original Equipment Manufacturer approved mechanism.. 4. The warranty shall not cover consumables, including but not limited to cartridges, toner, drum, developer, and similar consumable items.
Operating System Supportability	1. Products offered under this category shall support at least the Latest-2 versions of the operating systems specified in the catalogue. 2. If compatibility with an operating system version earlier than Latest-2 is required, the Buyer shall specify the same under the "Additional Specification Parameter" section at the time of purchase.

Special terms and conditions-Version:7 effective from 09-09-2026 for category All in One PC (V2)

1.

1	Product Verification	Each supplied Device shall bear a unique device serial number or other device identifier traceable to the OEM. The Buyer/Consignee shall be able to verify the authenticity of the supplied product including the configuration through the OEM website.
2	Requirement of OEM Logo	Buyers shall not prescribe a requirement for embossing, engraving, printing or affixing the OEM name/logo on the motherboard or any internal component. There shall be no mandatory requirement that the OEM of the offered device be a Microsoft Device Partner or hold any specific Microsoft authorisation. If an Operating System other than Microsoft Windows is offered, no specific product status or authorisation from the concerned Operating System publisher/provider shall be mandated.
3	Operating System - OEM/Publisher Status	Where Microsoft Windows is supplied, it shall be a genuine, legally licensed and activated copy of the Windows edition/version declared in the catalogue. The licence shall be obtained through a licensing or distribution mechanism approved by Microsoft. Where any other Operating System is supplied, it shall conform to the applicable licensing terms and conditions of the concerned Operating System publisher/provider, wherever licensing is applicable.
4	Operating System - Licensing	Where Microsoft Windows is supplied pre-installed, the Buyer/Consignee shall be able to verify that the supplied Windows Operating System is genuine and activated through the OEM, i.e. Microsoft. A valid digital licence or any other licensing mechanism permitted by Microsoft for the supplied device shall be acceptable. Where any other Operating System is supplied, similar verification of licence authenticity and/or activation status shall be required only where the concerned Operating System publisher/provider provides a device-level equivalent verification mechanism. Where no such verification mechanism is provided, this requirement shall not apply.
5	Operating System - Verification	The requirements relating specifically to Microsoft Windows licensing, activation and verification shall apply where Microsoft Windows forms part of the device configuration. Where an Operating System other than Microsoft Windows is supplied, the applicable licensing requirements of the concerned Operating System publisher/provider shall be complied with, and verification of licence authenticity and/or activation shall be required only where such verification is supported by the concerned Operating System publisher/provider.
6	Operating System - Applicability	Hardware compatibility certificate prescribed by a particular Operating System publisher/provider may be requested by buyers.
7	Operating System-specific Certification / Compatibility	

8	USB Port Declaration / Higher Interface Standard	Each physical USB port shall be declared only once under the highest interface capability supported by that port. The same physical port shall not be declared under multiple USB generations/types merely because of backward compatibility. A technically backward-compatible higher-generation version of a prescribed USB/interface standard may be offered where it meets or exceeds the functional and performance of the prescribed standard and complies with all other requirements.
9	Warranty	The warranty applicable to the supplied Device shall be as specified/seller's product and reflected in the resultant contract. The applicable warranty shall be verifiable through the OEM website, OEM customer support facility or warranty certificate/tag provided by the OEM. Installation requirements, wherever applicable, shall be specified by the Seller in the bid under the Installation, Commissioning and Testing (ICT) clause. If installation is stipulated in the bid, the Seller shall be responsible for installing the complete system and for demonstrating its satisfactory functioning to the Consignee or the Buyer's authorised representative.
10	Scope of Installation	In the case of Direct Purchase and L1 Purchase, installation of the computer system by the Seller/OEM is mandatory.
11	Buyer/Consignee Obligations for Installation	Installation shall be limited to the supplied computer system and shall not include supply or installation of separately procurable software such as antivirus, office productivity software, etc., unless such software forms part of the scope through an appropriate GeM category. Where installation is included in the resultant contract, the Buyer/Consignee shall provide reasonable access to the installation location and make available necessary site infrastructure, including power supply, networking and other preparation requirements not forming part of the Seller's contractual scope. Necessary entry/gate passes, where required, shall be facilitated by the Buyer/Consignee.
12	Acceptance of Supplies	Before acceptance and generation of CRAC, the Buyer/Consignee may verify, if appropriate, that the supplied device conforms to the contracted specifications, configuration, quantity and warranty requirements and is free from apparent physical damage or defects. The supplied product shall be new, unused and not refurbished. The Buyer/Consignee may verify the packaging, supplied accessories/documentation, installed operating system where applicable and device serial number/identifier, contracted configuration and applicable warranty.
13	HDD/SSD Storage Retention	Where required on account of information-security or data-retention concerns, the Buyer may prescribe an appropriate contractual condition under ATC (Terms of procurement via bids) regarding retention of storage media such as HDD used in the supplied device.
14	Availability of Monitor	Supply of the monitor shall be governed by the applicable Category parameters relating to "Availability of monitor". Any specifications or requirements relating to the monitor shall apply only where a monitor forms part of the contracted configuration.
15	Configuration Alteration - Seller	The configuration supplied shall conform to the configuration offered in the bid catalogue and resultant contract and shall be supported/authorised by the Seller. The Seller shall not make any alteration or substitution of components which is in deviation from the contracted configuration or affects OEM warranty/service. The machine should be delivered to the Consignee in its original, factory-approved configuration.
16	Service Escalation Matrix	The Seller shall provide appropriate contact details and an escalation matrix for warranty/service support to the Buyer/Consignee at the time of delivery.
