Special terms and conditions-Version:14 effective from 30-09-2026 for category All in One PC (V2)

1. 1. **Product Verification**
   Each supplied Device shall bear a unique device serial number or other unique device identifier traceable to the OEM. The Buyer/Consignee shall be able to verify the authenticity of the supplied product, including the configuration, through the OEM website.

2. **Requirement of OEM Logo**
   Buyers shall not prescribe a requirement for embossing, engraving, printing or affixing the OEM name/logo on the motherboard or any internal component.

3. **Operating System - OEM/Publisher Status**
   There shall be no mandatory requirement that the OEM of the offered device should be a Microsoft Device Partner or hold any specific Microsoft authorisation. Where an Operating System other than Microsoft Windows is offered, no specific partner status or authorisation from the concerned Operating System publisher/provider shall be mandated.

4. **Operating System - Licensing**
   Where Microsoft Windows is supplied, it shall be a genuine, legally licensed and duly activated copy of the Windows edition/version declared in the catalogue, and the licence shall be obtained through a licensing or distribution mechanism authorised by Microsoft. Where any other Operating System is supplied, it shall comply with the applicable licensing terms and conditions of the concerned Operating System publisher/provider, wherever licensing is applicable.

5. **Operating System - Verification**
   Where Microsoft Windows is supplied pre-installed, the Buyer/Consignee shall be able to verify that the supplied Windows Operating System is genuine and duly activated through the OEM, i.e. Microsoft. A valid digital licence or any other licensing mechanism permitted by Microsoft for the supplied device shall be acceptable. Where any other Operating System is supplied, similar verification of licence authenticity and/or activation status shall be required only where the concerned Operating System publisher/provider provides a device-level or equivalent verification mechanism. Where no such verification mechanism is provided, this requirement shall not apply.

6. **Operating System - Applicability**
   The requirements relating specifically to Microsoft Windows licensing, activation and verification shall apply where Microsoft Windows forms part of the contracted configuration. Where an Operating System other than Microsoft Windows is supplied, the applicable licensing requirements of the concerned Operating System publisher/provider shall be complied with, and verification of licence authenticity and/or activation shall be required only where such verification is supported by the concerned Operating System publisher/provider.

7. **Operating System-specific Certification / Compatibility**
   Hardware compatibility certificate prescribed by a particular Operating System publisher/provider may be requested by buyers.

8. **USB Port Declaration / Higher Interface Standard**
   Each physical USB port shall be declared only once under the highest interface capability supported by that port. The same physical port shall not be counted under multiple USB generations/types merely because of backward compatibility. A technically backward-compatible higher-generation version of a prescribed USB/interface standard may be offered where it meets or exceeds the functionality and performance of the prescribed standard and complies with all other Category requirements.

9. **Warranty**
   The warranty applicable to the supplied Device shall be as specified/selected in the product and reflected in the resultant contract. The applicable warranty shall be verifiable through the OEM website, OEM customer support facility or warranty certificate/tag provided by the OEM.

10. **Scope of Installation**
    Installation requirements, wherever applicable, shall be specified by the Buyer in the bid under the Installation, Commissioning and Testing (ICT) clause. Where installation is stipulated in the bid, the Seller shall be responsible for installation of the complete system and for demonstrating its satisfactory functioning to the Consignee or the Buyer’s authorised representative. In the case of Direct Purchase and L1 Purchase, installation of the computer system by the Seller/OEM is mandatory. Installation shall be limited to the supplied computer system and shall not include supply or installation of separately procurable software such as antivirus software, office productivity software, etc., unless such software forms part of the contracted scope through an appropriate GeM category.

11. **Buyer/Consignee Obligations for Installation**
    Where installation is included in the resultant contract, the Buyer/Consignee shall provide reasonable access to the installation location and make available the necessary site infrastructure, including power supply, networking and other site-preparation requirements not forming part of the

Seller's contractual scope. Necessary entry/gate passes, where required, shall be facilitated by the Buyer/Consignee.

12. **Acceptance of Supplies**
    Before acceptance and generation of CRAC, the Buyer/Consignee may verify, as appropriate, that the supplied device conforms to the contracted specifications, configuration, quantity and warranty requirements and is free from apparent physical damage or defects. The supplied product shall be new, unused and non-refurbished. The Buyer/Consignee may verify the packaging, supplied accessories/documentation, installed operating system where applicable, unique device serial number/identifier, contracted configuration and applicable warranty.

13. **HDD/SSD Storage Retention**
    Where required on account of information-security or data-retention considerations, the Buyer may prescribe an appropriate contractual condition under ATCs (in case of procurement via bids) regarding retention of storage media such as HDDs/SSDs used in the supplied device.

14. **Availability of Monitor**
    Supply of the monitor shall be governed by the applicable Category parameter relating to "Availability of monitor". Any specifications or requirements relating to the monitor shall apply only where a monitor forms part of the contracted configuration.

15. **Configuration Alteration - Seller**
    The configuration supplied shall conform to the configuration offered in the catalogue and resultant contract and shall be supported/authorised by the OEM. The Seller shall not make any alteration or substitution of components which results in deviation from the contracted configuration or affects OEM warranty/support. The machine should be delivered to the Consignee in its original, factory-approved configuration.

16. **Service Escalation Matrix**
    The Seller shall provide appropriate contact details and an escalation matrix for warranty/service support to the Buyer/Consignee at the time of delivery.

Special terms and conditions-Version:3 effective from 31-01-2025 for category Computer Printer (V2)

1.

For Buyers		
1	Product Verification	The buyer/consignee shall verify the complete product details, including configuration, through the OEM website. The buyer/consignee should be able to perform these verifications without needing to create an account on the OEM website.
2	Warranty	1. The buyer may ensure that as soon as supplies are received, a request for a warranty certificate is made, along with logging into the OEM website/call centre to verify the certificate. 2. The product in GeM marketplace (Direct Purchase & L1 purchase) comes with a minimum standard on site warranty of one year. In case the seller has standard warranty more than one year, the same may be mentioned in the catalogue (including in the model name) and in such case higher warranty offered shall prevail/supersede the minimum one year warranty. 3. Buyer shall verify the actual number of prints completed by the printer at the time of delivery (to ensure that the product has not been in use prior to delivery to the buyer) and may be verified using the printer’s built-in print counter or an equivalent tracking system as available with OEMs. 4. Buyer may please note that warranty does not cover any consumables i.e. Cartridges/Toner/Ink/Developer and such consumables.
For Sellers		
3	OEM Website Link/Part No for product verification	The OEM shall provide the OEM website link to the buyer at the time of delivery. The offered model details/configuration should be available on the OEMs website. A device serial number must also be provided at the time of supply, which must also be mentioned on the product supplied. The buyer/consignee must be able to verify the complete product details, including configuration, through the provided OEM website link.

4	Warranty	1. The seller shall furnish a valid warranty Certificate/Tag in physical or digital format from the OEM to the purchaser, guaranteeing the products coverage under the specified warranty terms. The warranty certificate should be verifiable through the OEM website/customer care centre. 2. The product in GeM marketplace (Direct Purchase & L1 purchase) comes with a standard warranty of 1 year only and additional warranty may be opted for via the bidding process. 3. The warranty period will be valid for the specified number of years or until the printer reaches the OEM-defined Minimum Number of Prints within the Warranty Period , whichever is earlier, i.e. once the printer meets either the Minimum Number of Prints within the Warranty Period or the time duration specified, the warranty coverage will end. 4. The actual number of prints completed by the printer during the warranty period may be verified using the printer's built-in print counter or an equivalent tracking system.
5	Compliance of extended producer's responsibility	With effect from 1st April 2023, as per the E-waste rules 2022, EPR registration is mandatory for manufacturing entities. Therefore, all OEMs shall hold valid EPR registration, and the registration number should be reflected in the catalogue parameter. OEMs shall ensure compliance with all responsibilities as per EPR registration applicable from time to time.
